BlackRock CEO Larry Fink: "Markets Like Totalitarian Governments" (2011)

-

Markets don't like uncertainty markets like actually totalitarian governments where you have a, uh, understanding of what's out there and obviously we're the whole dimension is changing now with, uh, as you said a democratization of, of countries and, and democracies are very messy, as we know in the united states you have opinions changing back and forth. - [Larry Fink 2011]
